

Welcome

We take great pride in our menu which we have assembled to represent a wide range of styles and regions to work alongside our food offering.

The majority of the wines we offer are from smaller independent producers, who make great efforts to ensure their wines display, not only a sense of origin and individuality, but also outstanding quality.

Our focus is on finding wines that will work with the food provided by our kitchen.
Each wine has been tasted by us and has found a home on the list by way of its versatility.

We offer a selection of close to 100 different wines. Some of them may be familiar, some unfamiliar, some of them award winning and some might win awards in the future. Surely all of them deserve your attention and you will be rewarded with quality and value.

It is our ambition to assist you in exploring new wines, regions and wineries to have new stories to take home when leaving the Bowery Restaurant. Allow yourself to be surprised by our wine selection.
